The first of these is the
 fact that the population
 of the world is increasing
 at a rapid rate. This
 is due to a number of
 factors, including the
 fact that the average
 life expectancy is
 increasing, and that
 the birth rate is
 still high in many
 parts of the world.
 The second factor is
 the fact that the
 world's resources are
 being used up at a
 rapid rate. This is
 due to the fact that
 the world's population
 is increasing, and that
 the world's resources
 are being used up at
 a rapid rate. This
 is due to the fact that
 the world's population
 is increasing, and that
